Title:

Promoting reading competence in primary school age: An analysis of didactic methods

Free Text Field: Topic, Research Question, Focus Areas, Task Description... :

Topic:

Literature analysis of various didactic methods that promote reading competence in primary school age and the factors (such as motivation, reading strategies, and family support) that influence the success of these approaches.

Research question:

How effective are different didactic methods for promoting reading competence in primary

school children, and which factors influence their success?

Focus areas:

- Analysis of different didactic approaches to reading promotion*
- Influence of motivation and reading strategies on reading competence*
- Significance of individual support and differentiated instruction*
- Role of family support and out-of-class reading practice*
- Evaluation and measurement of reading competence in primary school children*
